# NASA Consolidated Active Directory (NCAD)

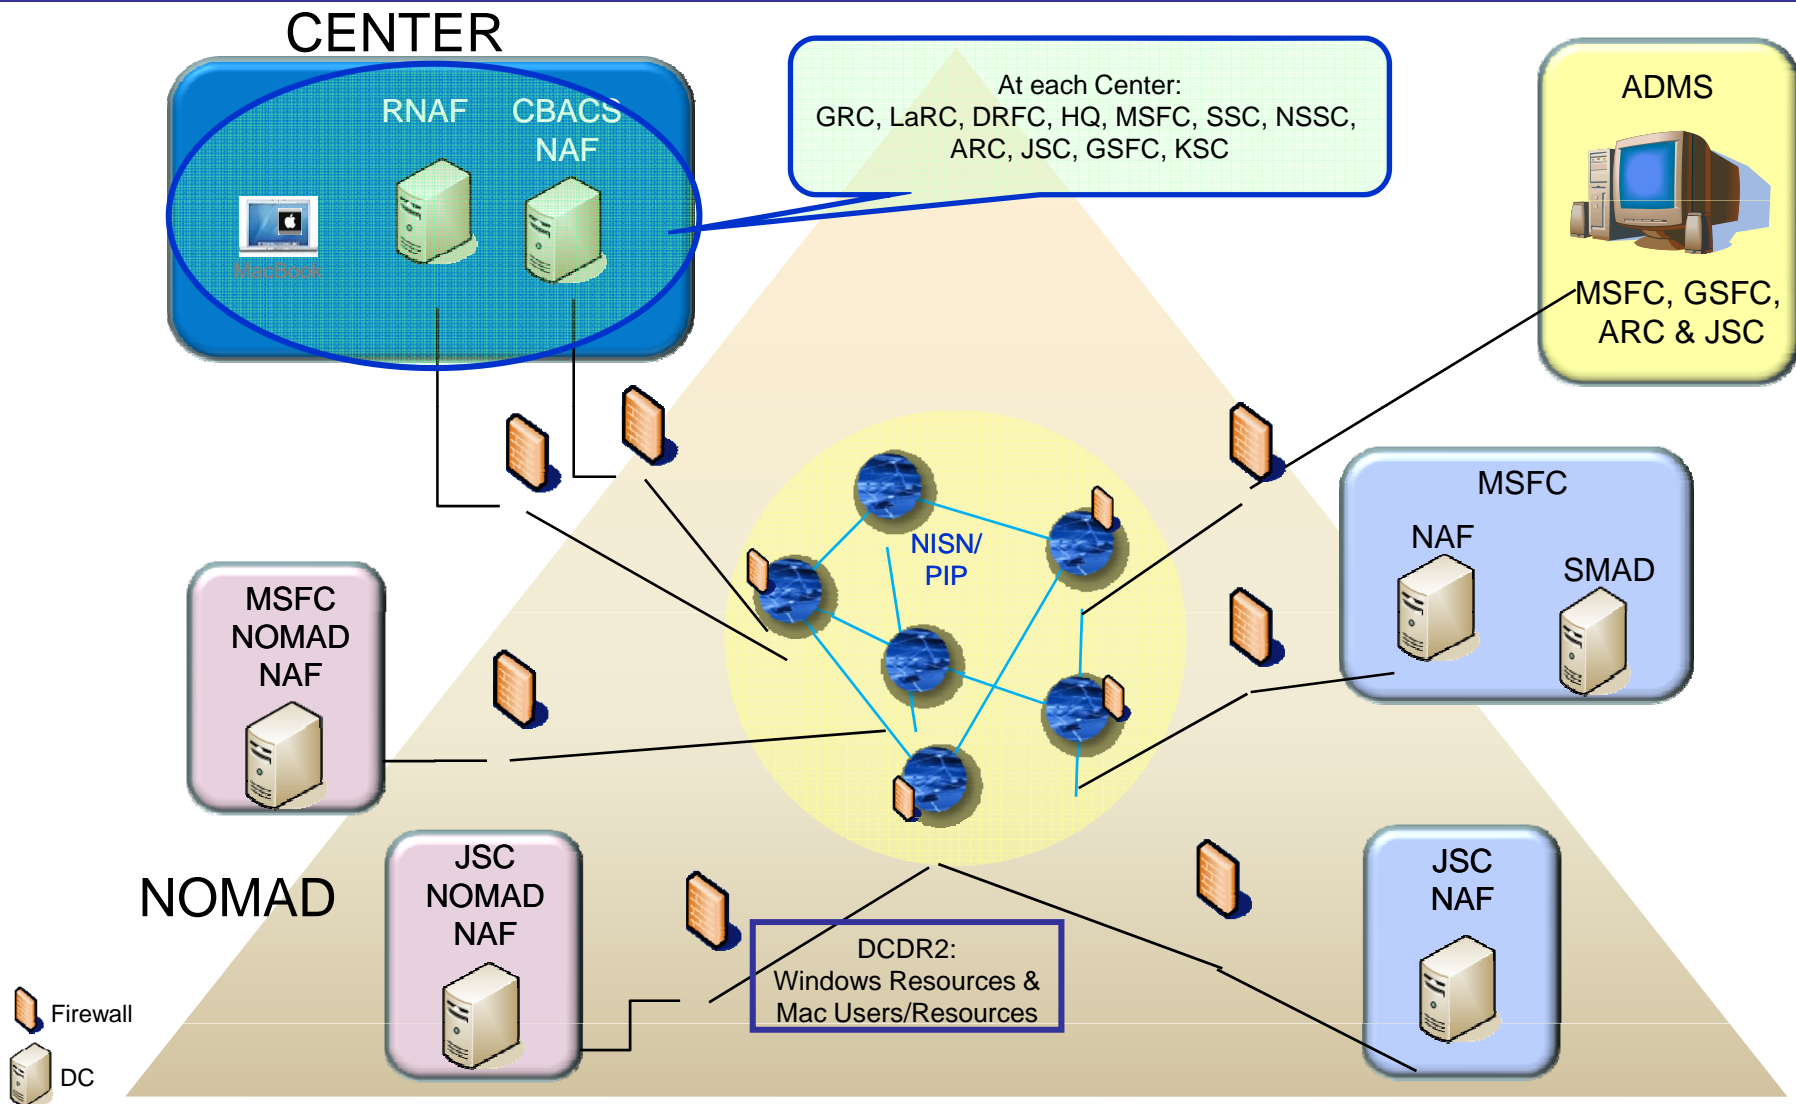

---

- **NASA Agency Forest (NAF)**
  - Single Agency forest for users, workstations and resources
  - Distributed to all Centers for high availability
  - All users, workstations and resources have the 'same' directory
    - Purposes for NAF domain controllers
      - Authentication
      - MSFC NDC & JSD NDC (NAF – Replication Hub)
      - Distributed to each Center: Remote NAF (RNAF)
    - Enterprise Application Specific
      - NOMAD: NAF NOMAD and CBACS: NAF CBACS
- **Active Directory Management System (ADMS)**
  - NAF administrative management
  - Located at four centers for high availability
    - MSFC, JSC, GSFC and ARC

User Benefit – Step toward Single Sign On

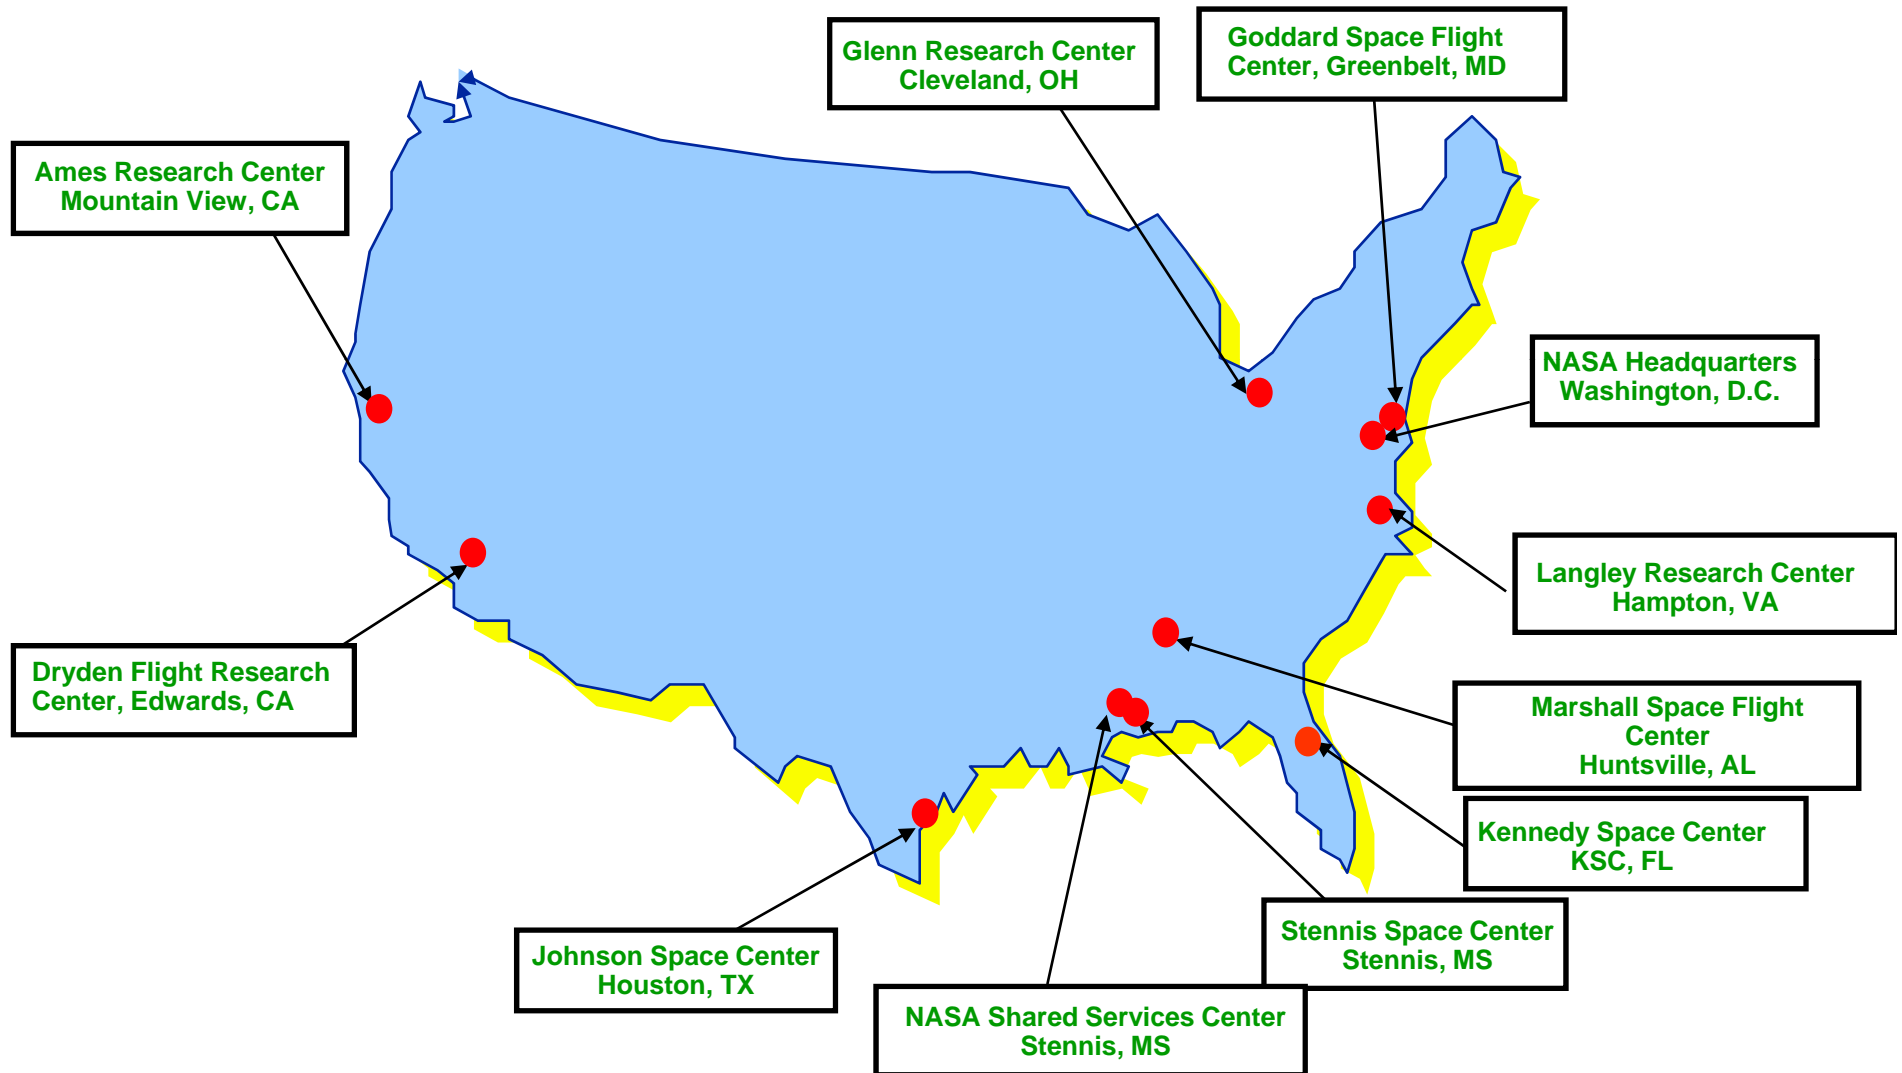

# Project Overview

NAF collocated at each Center

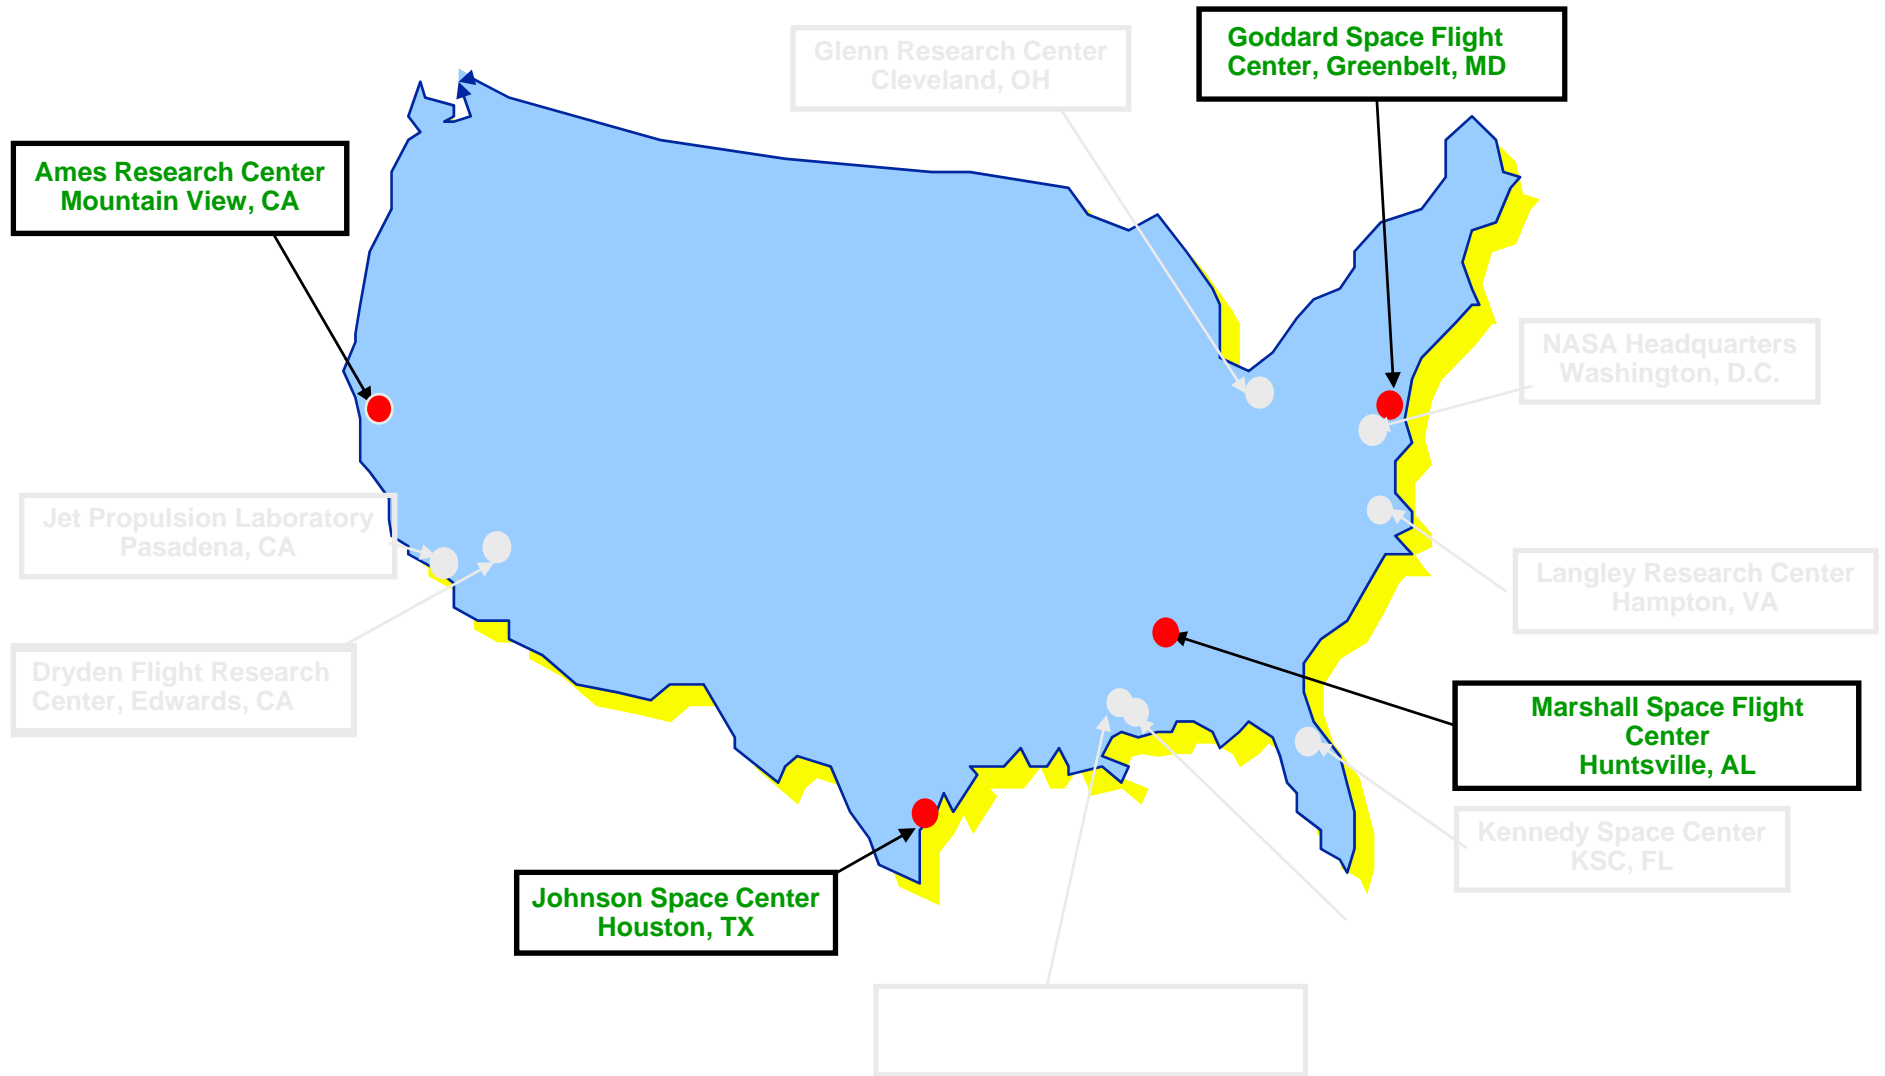

# Eleven (11) NAF Sites

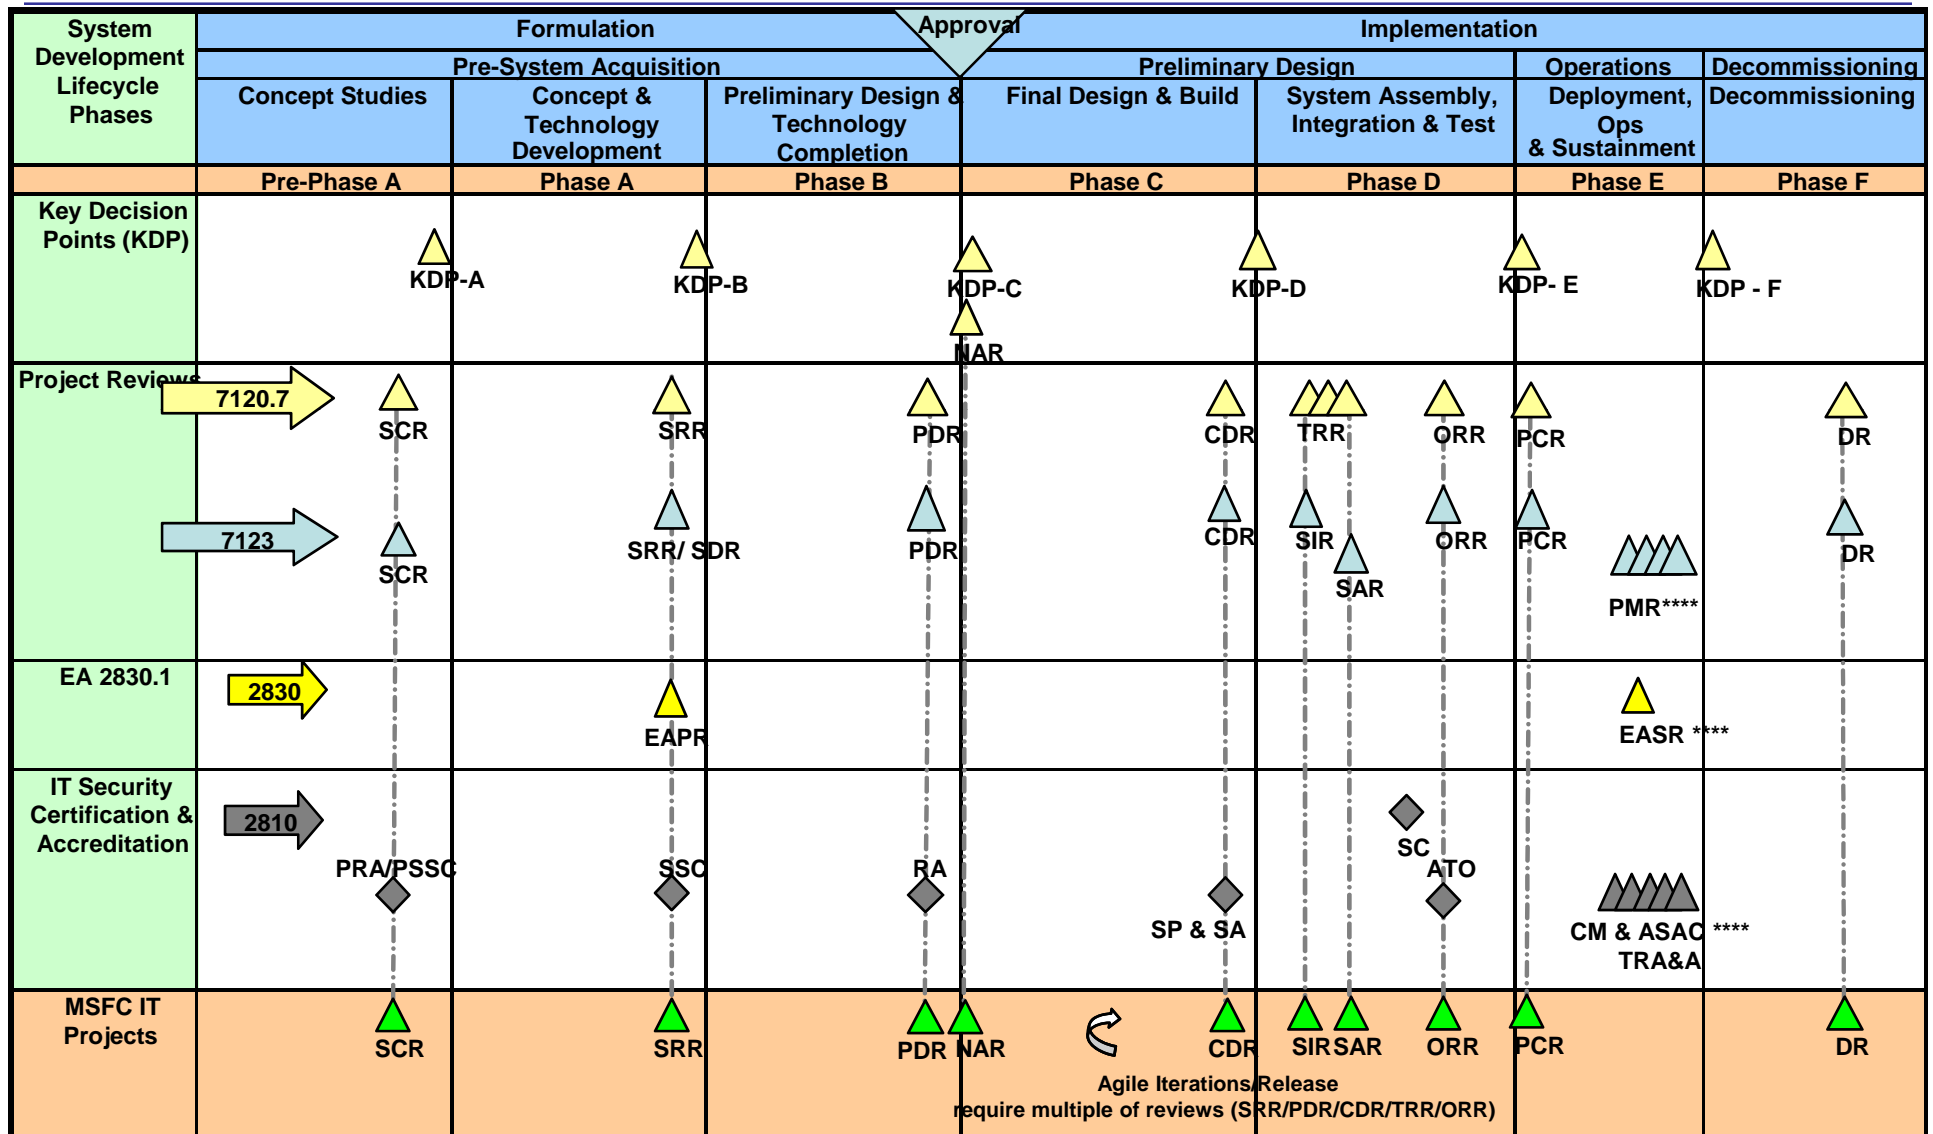

Available to all **NAF** Administrators

# Four (4) ADMS Sites

# MSFC IT Project Lifecycle

See notes for legend

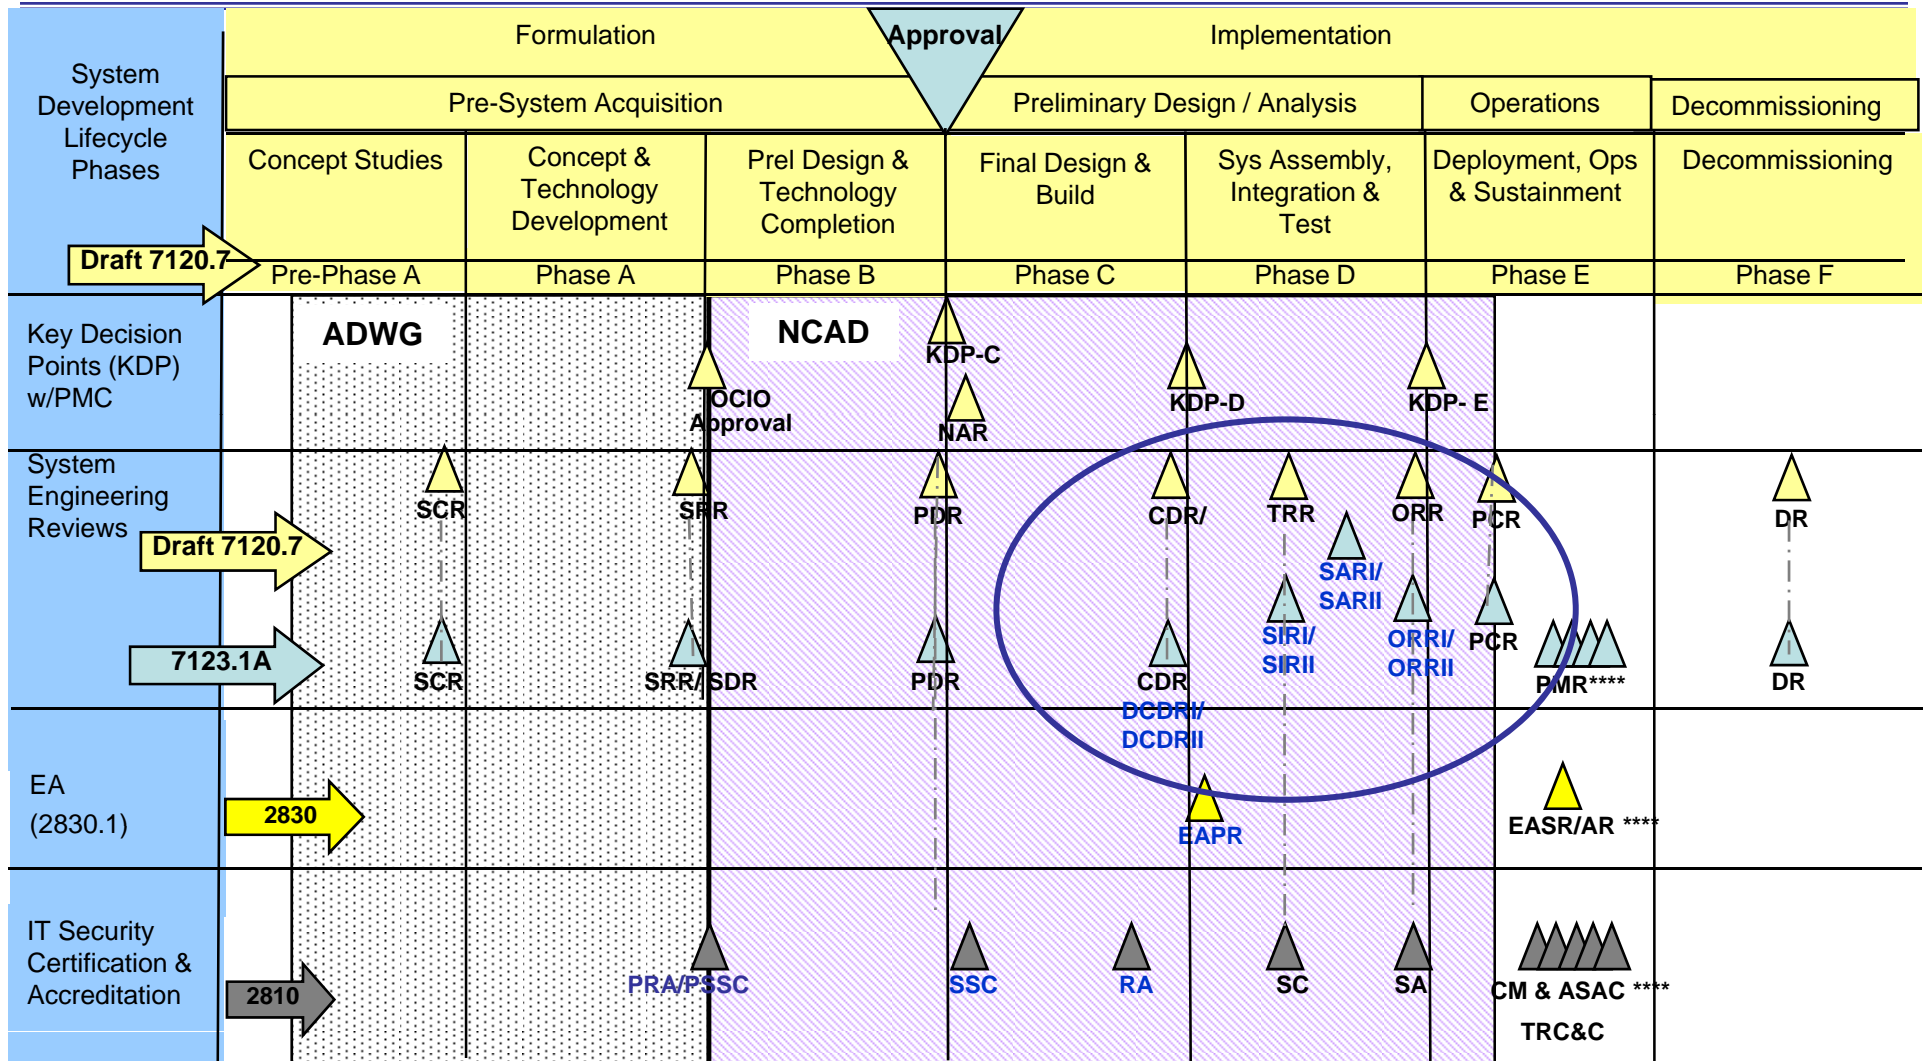

# Project Management is not “cook book”

# NCAD Project Life Cycle - Iterations

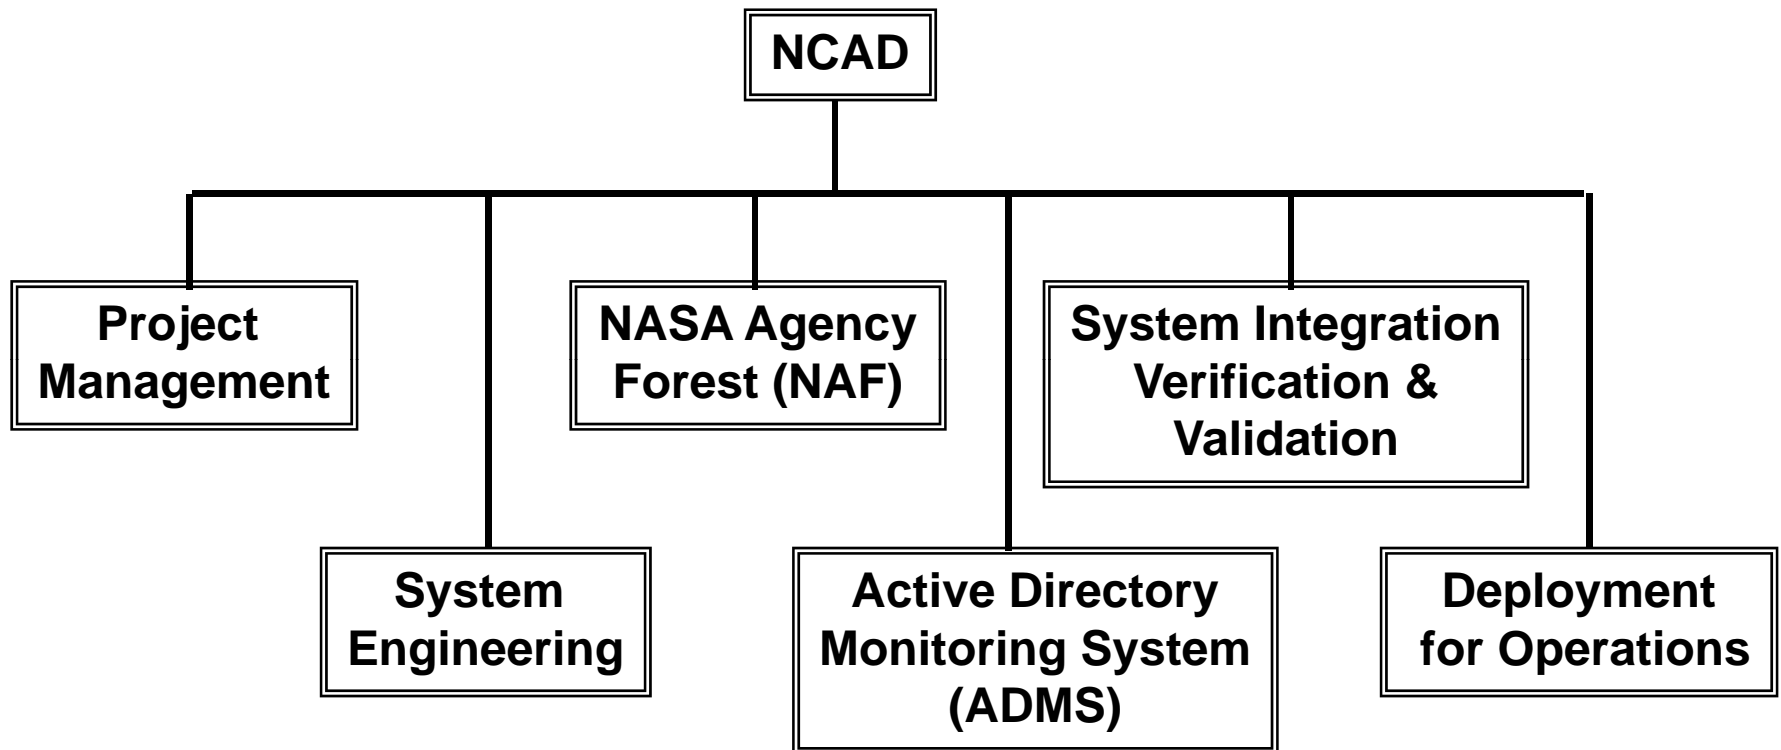

Project Management is not “cookbook”

# IT Project: NCAD WBS

**WBS fundamental to making sure you get “it” all done**

**ABILITY**

is what you are capable of doing;

**MOTIVATION**

determines what you do;

but

**ATTITUDE**

determines how well you do it!
